

Non-Flight Addendum Price and payment

A) Total price of your booking will be affected once you have signed this **non-airline flight purchase trip affidavit** and paid your travel deposit. Such price will include the price of all products selected to include ABC Travels' service fees. ABC Travel's service fees are included in the total program price of the products and all refunds are subjected to agency booking, price and fares. Taxes fluctuate in line with exchange rates and time of travel.

B) The amount of the program fees depends on the trip destination selected. ABC Travels may also charge additional service fees if you make a booking by phone or request changes or refunds. This also includes services charges via merchant providers. In the event that you use an unfunded credit card or a credit card which is rejected by the bank due to any other reason that is caused by you, **ABC Travels will charge a service fee of \$25** and will provide you with instructions to make effective the payment of your booking. The service fee will be added to the final price. Until you make effective the full payment, you will not be able to receive approval to travel. Moreover, we hereby bring your attention to the fact that, due to the nature of travel, it is possible that price changes occur between your booking and the effective payment and you will have to assume the cost of the selected products at the moment that you are making the effective payment.

C) If there are any problems with your payment, we will contact you within 48 hours of your booking. ABC Travels will not be liable for any subsequent price increase as a result of payment failure. Any price increase must be paid by the participant before booking can be confirmed. **Please note that the airline ticket payment and payment to ABC Travels are separate transactions.** ABC Travels will be only responsible for the tour and program activities.

D) Payments can be made by all major debit and credit cards as detailed on the Website <http://www.abctravels.org/parents> . Payment methods other than those stated on the website may be accepted, but no responsibility is accepted for cash or check sent through the postal services. Full payment of deposit for travel is required at the time of booking requirement date **minus airline tickets**.
